

SUPPORT IS EVERYTHING

THE EASY I - NJ SERIES

SUPPORT IS EVERYTHING

Since 1989 NASCOR® has been supporting lumber dealers with an I-Joist specifically designed to replace 2x10 and 2x12 floor joists. NASCOR's Easy-I® NJ Series I-Joist looks, ships, stocks, packages and installs just like conventional joists, yet it has all of the advantages of a traditional I-joist.

Available in 10" and 12" depths, every piece is guaranteed to precise tolerances and will never shrink warp or twist. The Easy-I® is significantly lighter than traditional lumber, holes can be drilled through them and they come with a lifetime guarantee.

NASCOR'S EASY-I®

EASIER TO STOCK

THE EASY-I® ELIMINATES MANY OF THE ACCESSORIES REQUIRED WITH TRADITIONAL I-JOISTS. IT CAN BE USED AS A RIM JOIST, REQUIRES NO SPECIALTY HANGERS AND CAN BE PLIED TOGETHER WITHOUT WEB FILLERS.

EASIER TO PACKAGE

BUILD YOUR PACKAGES FASTER WITH LESS MANPOWER. THE EASY-I® IS AVAILABLE IN STANDARD 2' INCREMENTS ELIMINATING THE CUTTING AND WASTE ASSOCIATED WITH TRADITIONAL I-JOISTS.

EASIER TO SHIP

OUR UNIQUE VERTICAL CHORD CONFIGURATION ALLOWS MORE PRODUCT TO FIT ON A TRUCK FOR LOWER FREIGHT RATES PER LINEAL FOOT. AND BECAUSE JOISTS ARE SHIPPED IN STANDARD LUMBER LENGTHS, YOUR FLOOR PACKAGES WILL FIT ON A 20' TRUCK DECK AND WILL REQUIRE FAR LESS ROOM ON YOUR BUILDERS JOBSITE.

EASIER TO DESIGN

THE EASY-I® COMES PRE-ENGINEERED WITH SIMPLE TO FOLLOW INSTALLATION GUIDES THAT ELIMINATE THE NEED FOR COMPUTER LAYOUTS IN MANY MARKETS.

EASIER TO SELL

WITH AS MANY BENEFITS FOR THE BUILDER AS THERE ARE FOR THE DISTRIBUTOR, NASCOR'S EASY-I® IS THE PRODUCT OF CHOICE FOR LUMBERYARDS LOOKING FOR A WAY TO DIFFERENTIATE THEMSELVES IN THE INCREASINGLY COMPETITIVE WORLD OF ENGINEERED WOOD PRODUCTS.
